A results-oriented Software Developer with hands-on experience driving automation and full-stack development projects within manufacturing environments. Proven track record of leading cross-functional digital initiatives that delivered measurable savings, improved operational efficiency, and future-proofed production processes.

PROFESSIONAL EXPERIENCE

Associate Program Lead (MAS Bodyline PVT.LTD)

Mar 2024 - Present

- Led advanced automation and digital initiatives, delivering USD 400K in cost savings through process digitization (2024–2025).
- Appointed Azure Administrator for Bodyline, owning cloud governance, security, access management, and platform reliability.
- Established Azure Repos at Bodyline, migrating legacy applications and standardizing source control and release practices.
- Introduced secure CI/CD pipelines using Azure DevOps, enabling controlled and auditable deployments.
- Re-architected hosting by classifying ~70 applications into Premium, Standard, and Basic SKUs, optimizing performance and cost.
- Led Azure cost and performance optimization, including Azure SQL Elastic Pool tuning, to control infrastructure and database spend.
- Migrated internal applications into a restricted network environment, strengthening security and compliance.
- Delivered web-based systems as a solo developer, managing the lifecycle from design through UAT and production.
- Mentored interns, ensuring successful delivery of assigned digital initiatives.

Intern Digital Excellence (MAS Bodyline PVT.LTD)

Dec 2022 - Nov 2023

- Designed and developed Corporate Portal (Hoshin Portal) a comprehensive corporate-level solution for bodyline, enabling monthly review of goals and KPIs from CEO to manager level
- Actively involved in various digital projects and initiatives, mainly on Power Platform
Key projects - QCO dashboard, Speed Pass (a gate pass management system for bodyline with \$6k actualized saving)

KEY ACHIEVEMENTS & RESPONSIBILITIES

- Azure Administrator for Bodyline, owning the governance, security, performance, and cost optimization of the enterprise Azure environment .
- Contributed for \$109K finance validated and actualized saving on year 2024 through digital initiatives
- Digital Project lead on subassembly digitization initiative 2025

KEY PROJECTS

- **FCA App (Factory Certified Auditing Platform)** -Streamlined factory certified quality auditing making an impact on customer value stream profitability (Mainly on Victoria's Secret)
Tools and Technologies - React, Express, Node Js, Azure SQL, Azure AD, Power BI
- **Real Time Hourly Output Dashboard** - Developed a real-time web-based dashboard to monitor hourly production output across subassembly lines, marking the first successful integration with SAP within MAS .
Tools and Technologies - React, Typescript, Express, Node Js, Azure SQL, Socket.io
- **Hoshin Portal** - Designed and developed Corporate Portal (Hoshin Portal) a comprehensive corporate-level solution for bodyline, enabling monthly review of goals and KPIs from CEO to manager level
Tools and Technologies - Power apps, Power BI, Power Automate, Microsoft Data verse
- **MOS Problem Solving App**- Built an application leveraging Lean Manufacturing principles to standardize problem escalation and support team coaching and development
Tools and Technologies - NEXT JS, Typescript , MySql

EDUCATION

BSc (Hons) in Information Technology

Completed in 2025

Sri Lanka Institute of Information Technology

- Major in Information Technology.
- Research publication on "Human knowledge retention in the context of micro-learning".

Diploma in Information Technology (Pearson Certified)

Completed in 2018

ESoft Metro Campus

Diploma in English (Pearson Certified)

Completed in 2018

ESoft Metro Campus

GCE Advanced Level 2C's, 1S in

Completed in 2020

Physical Science stream

Nalanda College Colombo

GCE Ordinary Level 8A's, 1B

Completed in 2017

Central College Kuliyaipitiya

AWARDS & ACHIVEMENTS

- NBQSA 2024 Bronze Medal Winner (Project - Hoshin Portal)
- MAS Future Stars - Gold Award (Team Smart Solution)
- Bodyline Quality Circle - Platinum Award (Team Smart Solution)
- Member of National Quality Circle winning team - Gold Medal (Project - One Base for FGW)
- Bodyline Departmental Quiz Runners Up (Lead the Digitx Team in annual bodyline quiz competition)
- Finalist in “SLIIT Mini-Hackathon 2023” (Project - Health Connect)

VOLUNTEERING EXPERIENCES

- Executive Committee SEDS SLIIT (Event Coordinator 2023)
- Member SLIIT FOSS Community (Design Team 24/25)
- Member IEEE SB of SLIIT 23/24
- Member SLIIT Swimming club

SKILLS

- **Cloud & Platforms:**
 - Microsoft Azure (Governance, Cost Optimization, Azure SQL, Networking, CI/CD)
- **Digital & Automation:**
 - Power Apps, Power Automate, Power BI, UiPath (Agentic Automations)
- **Engineering:**
 - React, Next.js, Node.js, TypeScript, Java, MERN, MySQL
- **Enterprise & DevOps:**
 - Azure DevOps, Git, Docker
- **Data & Analytics:**
 - Power BI, SQL, Python
